Dear John,

Thank you very much for your letter of April 24th which was received with much relief.

We certainly must put a stop to that nonsense and reduce the blood sports as much as possible, especially in such family creatures as the wolves who are already being poached in Minnesota and the grizzly bears.

John Cole, who writes for Audubon tells me that a young man named Tom McNamara has just written a marvelous book on the grizzlies in Yellowstone.

Before I conclude, let me thank you for all you have done for small business. I hope that our paths will cross at a hearing or somewhere else---like bonefishing in the Exumas.

Thank you again.

Cordially yours,

Shaw Mudge
