# Table of Contents

PREFACE ........................................................ v
INTRODUCTION ................................................. vii
   Brief Description of the Study ................................ vii
   Design of the Questionnaire ..................................... ix
   Theoretical Positions Tested .................................... x
   A Few Terms Defined .......................................... xi
   Organization of the Report ..................................... xii

SECTION I: THE SELF-REPORTED USE OF SOCIAL SCIENCE KNOWLEDGE BY RESPONDENTS .......... 1
   Diversity of Use of Social Science Knowledge ..................... 2
   Characteristics of the Knowledge Used ........................... 4
   Extent of Knowledge Use ...................................... 14
   Impact of the Knowledge Used .................................. 17

SECTION II: FACTORS THAT INFLUENCE UTILIZATION .......................... 23
   Receptivity to Social Science Information ........................ 23
   Two Communities Theories as Effective Predicators of Utilization .. 26
   Objectivity as a Factor ......................................... 29
   When Research Findings are Counter-Intuitive to Personal Beliefs .. 34
   Political Feasibility as a Factor .................................. 35
   Information-Processing Style as a Factor .......................... 37
   The Social Perspective as a Factor ............................... 38
   Career Plans as a Factor ........................................ 40

SECTION III: SOCIAL INDICATORS ................................ 41

SECTION IV: SUMMARY AND CONCLUSIONS .......................... 45

APPENDIX A: Ratings on Validity and Reliability For Each of the Scientific Disciplines ............................... 53

APPENDIX B: Ratings on Validity and Reliabilities for Each of the Data Gathering Techniques ............................... 57

APPENDIX C: Ratings on Validity and Reliability for Each of the Various Types of Data ............................... 60
