From the Chairman:

Surely you know that our Party is just a few seats away from a majority in the United States Senate. And 24 of the 34 Senate seats at risk in 1980 are now held by Democrats!

It's our best chance in 25 years. This chance may not come again in our generation—it may never come again.

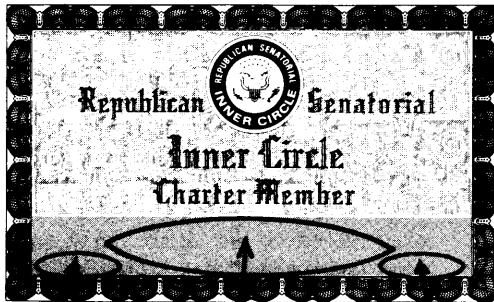

Your personalized Charter Membership card and pin (shown on cover) are waiting for you. No matter how many fine Americans join us in the future, your card and pin will be unique. Because your commitment is unique.

Step into the Inner Circle today. Every Republican in the United States Senate is waiting to welcome you.

Sincerely,
